

Dream Vacation

You will be planning a dream vacation. You will have to decide where you are going to go and what you will do there. From the airplane tickets to the hotel you have to pick out everything. Your budget is \$3000.00 per person. First you will research all of your vacation information. Once you have gathered your information you will make a travel brochure about your vacation. Your brochure should show the information clearly and in an organized way.

You have two days to research in the library and three days to work in class. This assignment is **due Friday, February 8th** at the end of class. I have listed the websites you should use below.

Flights, hotels, car rentals, and more:

www.expedia.com
www.travelocity.com

Vacation destinations:

<http://disneyworld.disney.go.com>
<http://www.beaches.com/>

Travel opinions: You can find ideas for activities here and opinions about hotels.

<http://www.tripadvisor.com/>

Use the following tables to research the different choices you have. Fill in each column completely to get full credit:

Airplane Flight From	Airplane Flight To	Cost per Person	Flight Number	Departure Time	Arrival Time	Source
